

The state of the art facility opened in January of 2016. With more than 107,000 square feet and over 30 labs, the University of Wyoming Michael B. Enzi STEM Facility will allow 900 students from multiple disciplines to be actively engaged in lab studies at the same time. The design of the facility allows students to enjoy an active learning environment that encourages continuous interaction between instructors and students. Classrooms are laid out in such a way that instructors have the flexibility to adjust their lessons to accommodate the needs and interests of the students, ensuring that they are always in an environment most conducive to learning.

There is no better way to honor the lifetime work of Senator ENZI than to name this facility in his honor. Throughout his years as an accountant and in elected office, MIKE has been a solid leader who is willing to take on tough challenges. From his time as mayor in Gillette, a town that truly represents the definition of an American boomtown, to his work in the U.S. Senate, MIKE studies and works through an issue and always approaches the problem with an "I will solve this and make it better" attitude. This approach to problem solving has helped MIKE succeed as chairman of both the Senate Health, Education, Labor and Pensions Committee and the Senate Budget Committee.

Senator ENZI recognizes that if you provide people the tools to succeed, many will. MIKE understands human nature and recognizes that a one size fits all approach to serious problems is not always the best way to fix things. Senator ENZI believes in the ability of people to learn, whether in the classroom, on the job, or through personal experiences, and to take that knowledge and use it in a way to better themselves and others.

The Michael B. Enzi STEM Facility is a perfect reflection of the man: give people an opportunity to learn, to interact, to share, and in an environment that works for them, and they will achieve great things.

In praising his effort to improve education in Wyoming, Chris Boswell, University of Wyoming's vice president for governmental and community affairs, said the following about MIKE ENZI: "He has been very influential in crafting legislation that garners bipartisan support in the Senate. These have been bills that moved significant education initiatives forward. Whether as chairman or ranking member, Senator ENZI knows how to move bills through to become law, and Wyoming and the country are the better for it."

I agree completely, and I congratulate Senator ENZI on this honor.

25TH ANNIVERSARY OF THE REESTABLISHMENT OF DIPLOMATIC TIES BETWEEN THE UNITED STATES AND THE REPUBLIC OF ALBANIA

Mr. KIRK. Mr. President, on March 15, we commemorated the 25th anniversary of the reestablishment of diplomatic ties between the United States and the Republic of Albania. Over 25 years ago, Albania emerged from nearly five decades of isolation and Communist rule to establish a multiparty democracy and forge closer ties with the free world. A quarter century later, Albania has made significant progress. Albania's economy grew and its people participated in elections judged as largely free and fair. Albanians enjoy freedom of religion, movement, unrestricted Internet access, and academic freedom. Today Albania is a NATO ally and a candidate for accession into the European Union, EU.

Since its emergence from isolation, Albania has been an active and contributing member of the international community. Over the course of two decades, Albania deployed more than 6,500 military personnel in support of operations lead by NATO, the EU, and the United Nations. In 2003, Albanian troops deployed to Iraq in support of Operation Iraqi Freedom. Between 2002 and 2014, Albania deployed over 3,000 personnel to support U.S. and NATO operations in Afghanistan. Albanian personnel continue to serve in Afghanistan.

Despite a quarter century of notable strides, pervasive corruption, high unemployment, organized crime, and underrepresentation of women in business and politics, among other issues, prevent Albania from realizing its full potential. As a member of the Senate Appropriations Subcommittee on State, Foreign Operations, and Related Programs, I have consistently voted to support assistance to Albania to strengthen democratic institutions and the rule of law, promote sustainable economic growth, and assist with its regional and international integration. As co-chair of the Senate Albania Caucus, I will continue to work with my colleagues on to strengthen the U.S.-Albania relationship and support Albania's ongoing efforts to become a prosperous, democratic state and pillar of stability in the Balkans.

HONORING OFFICER JACAI COLSON

Mr. CARDIN. Mr. President, today I wish to recognize the tragic death of a Marylander. Officer Jacai Colson of the Prince George's Police Department was killed in the line of duty, on Sunday, March 13, 2016. Officer Colson was an upstanding law enforcement officer whose death shocked and saddened so many in Maryland and the national law enforcement community. America is the great Nation it is in no small part because of our respect for the rule of law. Officer Colson and his fellow

Prince George's County police officers put their lives on the line every day to uphold the rule of law.

Officer Colson was only 28 years of age. Today, March 17, 2016, would have been his 29th birthday.

On Sunday, March 13, 2016, the district III station in Prince George's County came under fire in what was a deliberate attack on law enforcement and on the rule of law itself. Officer Colson arrived on the scene. After finding himself in the middle of a firefight, Officer Colson had the composure to return fire. During the firefight, Officer Colson was shot and killed.

Every member of the U.S. Senate, every Marylander, and every American should be inspired by the life of Officer Jacai Colson. Officer Colson was an undercover narcotics agent. He had a dangerous job with zero margin for error. Officer Colson did not make errors. He was a 4-year veteran of the Prince George's Police Department. The commander of the Prince George's County Police Department's narcotic enforcement division said of Officer Colson: "Not only is he good at his job, he's that guy that you wanted on your team." The president of the Fraternal Order of Police, Lodge 89, described Officer Colson as "... always the first person here in the morning, ready to work and put in a full day's work."

Officer Colson was a native of Boothwyn, PA. He came from a law enforcement family. His grandfather, Sergeant James G. Colson, Jr., retired from the Delaware County, PA, police department after more than 40 years of service. Officer Colson was the quarterback of his high school football team. He attended Randolph Macon University, where he also played football. He sang in the Ujima Gospel Choir and worked in the admissions office and in the marketing and communications department. Officer Colson gave of himself to improve his community while he was in college. He was a member of Brothers 4 Change, a student organization devoted to community service, and he also volunteered with Habitat for Humanity.

I am thankful to the Colson family for sharing such a promising young man with the people of Prince George's County. The pain they are going through right now is a pain no family should have to endure. Most tragically, they are not alone. So far in 2016, 23 law enforcement officers have died in the line of duty. In February, two of Officer Colson's Maryland colleagues from the Harford County Sheriff's office, Senior Deputy Mark Logsdon and Senior Deputy Patrick Dailey were killed responding to a call.

The loss of Officer Colson represents the loss of one of the best and brightest among us. He could have done anything with his life, and he chose to protect his fellow Americans. I am thankful that Officer Colson was able to enrich and save the lives of so many people during his life. On behalf of the people of Maryland and my fellow U.S. Senators, I offer my deepest condolences to
